

The image shows the BMJ logo in white on a blue background. To the right of the logo is a horizontal strip of blue icons representing various medical and scientific concepts: a microscope, a person with a speech bubble, a computer monitor, a stethoscope, and a laboratory flask.

BMJ in the News is a weekly digest of BMJ stories, plus any other news about the company that has appeared in the **national and a selection of English-speaking international media**.

Latest highlights (25 June - 1 Jul):

- A **BMJ Open** research paper about the continuity of doctor care and death rates gained national and international coverage, including *Newsweek*, *The Times* and *New Scientist*.
- **The BMJ** published a study about the link between patients with penicillin allergy and superbug infections which was picked up by UK and international outlets, including *Daily Mail*, *Deccan Chronicle* and *Medscape*.
