BMJ Best Practice

Steps to download

BMJ Best Practice is available to all NHS staff in Wales.

Create a personal BMJ Best Practice account

1. To access, first visit bestpractice.bmj.com Click 'Log in' and select **Access through your institution** option.
2. Search for your organisation and sign in with your **OpenAthens** username and password.
3. You will then be taken back to BMJ Best Practice to create a **personal account** or 'Log in' if you already have one. You will need your personal account details to access the app.

Accessing the app

1. Access your Apple or Google Play store and search for 'BMJ Best Practice'.
2. Select the app and when prompted, use your BMJ Best Practice 'personal account' details to sign in and download the content.
