Essential COPD resources to support healthcare professionals

Clinical guidance, BMJ articles, research and podcasts

This is an interactive PDF, click on the blue boxes below to visit the resource relevant to you.

Funded by Health Education England, free to all NHS staff and learners.

BMJ Best Practice

Fast access to the latest evidence-based diagnosis and treatment guidance to support your clinical decisions.

- Chronic obstructive pulmonary disease (COPD)
- Acute exacerbation of chronic obstructive pulmonary disease
- Calculator: BODE Index for COPD Survival Prediction
- Patient leaflet: COPD: what treatments work?

Download the BMJ Best Practice app

BMJ Talk Medicine Podcasts

The latest podcasts from *The BMJ* and specialist journals.

- **BMJ Learning podcast** | A clinical guide to COPD, with Prof Mike Morgan
- **The BMJ** | Diagnosing COPD in primary care
- **Drug and Therapeutics Bulletin** | Lung volume in COPD: when less is more
- **BMJ Talk Evidence** | Recurrent VTE, CRP testing for COPD, CMO report, and a consultation

The BMJ

The latest news and views, research papers and clinical reviews from *The BMJ*.

- **Research** | Prognostic models for outcome prediction in patients with chronic obstructive pulmonary disease: systematic review and critical appraisal
- **Research** | Triple therapy in the management of chronic obstructive pulmonary disease: systematic review and meta-analysis
- **Research** | Self management of patients with mild COPD in primary care: randomised controlled trial

BMJ Opinion

Comment and opinion from The BMJ's international community of readers, authors and editors.

- Carol Liddle: COPD outcomes—treating the individual, not the condition
- The voice of people living with COPD: what I learned from doing qualitative research
- Peter von Wichert: COPD—the right terminology in the fight against lung disease?
