

The logo for the British Medical Journal (BMJ), consisting of the letters 'BMJ' in a white, bold, sans-serif font on a blue background.

BMJ in the News is a weekly digest of national and international news coverage in English for BMJ, The BMJ, and BMJ Journals.

The content is provided daily by Cision and Google Alerts. The views expressed are those of the individual journalists/outlets: they are intended to represent the breadth of media coverage, not endorsement by BMJ or the media relations team.

INFLUENCE

Hannah Bardell Shadow SNP Spokesperson mentioned **The BMJ** in a Westminster Hall debate [Cumberlege Report](#) 3/2/2022:

*“We do not want the incredible work of Baroness Cumberlege to be another waste of public money, and it is clear that it is not. All her recommendations are so important. An article in **The BMJ** in 2020 highlighted that the Cumberlege review exposed “stubborn and dangerous flaws in healthcare” and a healthcare system that is “disjointed, siloed, unresponsive, and defensive.”*

Baroness Cumberlege mentioned **The BMJ** in a [House of Lords debate on the Health and Care Bill](#) 4/2/2022:

“I have been extremely encouraged that the leading journal for doctors, the British Medical Journal, is in full support. It has written extensively about it. Its editor has spoken expertly on the subject at a meeting of the First Do No Harm All-Party Parliamentary Group.”
